Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

FULL TEXT OF PROPOSITIONS

For Lighting the City, Putting in Street Cars, Etc.

READ THEM OVER CAREFULLY.

Two of Them Provide For Putting in Street Cars and Lights—The Other One For Lighting Only.

Baltimore, Md., Nov. 36, 1898.
To the Mayor and City Council,
Greensboro, N. C.

Gentlemen :—We or our assigns propose to enter into a contract with the city of Greensboro, N. C , for furnishing seventy twelve hundred candle power arc lights for a term of three (3) years at $79.50 per light per year, and eighty (80) twelve hundred candle power arc lights for a term of four (4) years, beginning at expiration of the three-year term, at seventy-nine dollars ($79.50) and fifty cents per light per year, making total life of contract cover a period of seven (7) years. Said arc lights are to be located within the city limits, and where directed by the proper city authorities.

Wherever a light refuses to burn, a credit of double the price charged while burning will be allowed the city for the time the lamp is out of service. We will also permit the city to employ an expert to test the candle power of the lamps one time in each quarter of each year during the life of the contract at our expense, provided said expenses do not exceed twenty-five dollars for any one inspection. The city to order the inspection at such time in each quarter as it may see fit without any notification whatever to us.

We further propose to furnish incandescent lights to private dwellings, stores, factories, warehouses, etc., equal to twenty-five per cent. less than the price now paid for gas lighting, and that we will furnish electric power to small factories, etc., at a price less than that produced by the use of a boiler with an attendant at present cost of coal on this market.

It will be a part of the contract that all electric apparatus and construction for the use of same, for use by the city, and for which we are to furnish power, shall be purchased from us; also that we are to be given three months in which to prepare for the fulfillment of the contract.

The contract, if awarded to us, will provide that a clean right of way will be given the contractors for the erection of their plant, meaning that we will not be interfered with in the use of the streets for planting poles, stringing wires, etc.

Should the city desire to increase the number of lights, the charge for each additional light will be $79.50 per light per year.

The above contract will be based on all-night schedule for fifty lights, and moonlight schedule for twenty or more lights.

Hoping to be favored with your valued contract, we are

Very truly,
Maryland Mfg. and Construction Co.,
Per E. W. Phillips.

Baltimore, Md., Nov. 26, 1898.
To the Mayor and City Council,
Greensboro, N. C.

Gentlemen—We or our assigns agree to accept from the city of Greensboro, N. C., a franchise covering a period of thirty years for the installation of an electric street railway system, and to furnish the city with a bond in the sum of five hundred dollars, when franchise is properly executed and ready to deliver, as an evidence of good faith.

The franchise will provide that the contractor shall have a clean right of way over such streets as it may deem advisable to lay tracks and operate cars. The contractors shall begin the construction of the road in time for operation in fifteen months from date of the franchise. The operation of the cars will begin over not less than two and one half miles, and the schedule to be not over twelve minutes between cars. A five cent fare will be charged between points in the city limits for adults, and three cents for students and children under ten years of age.

We desire to impress upon your Honorable Body that we are ready to enter into a contract for carrying out the above proposition the moment the franchise is prepared.

Hoping that the above will meet with your favorable consideration, we beg to remain, Very truly yours,

Maryland Mfg. & Construction Co.
Per E W. Phillips.

P. S.—You will note that this proposition is not made subject to the approval of an executive committee, but is straight and upon your acceptance binds the makers or assigns. We further desire to say that in addition to franchise for street railway, we wish the privilege of planting gas pipes in any or all the streets of the city of Greensboro, and for supplying gas to those who make application for same.

Maryland Mfg. & Construction Co.

The Knoxville Company.

Greensboro, N. C., Nov, 25, 1898
To the Mayor and Aldermen,
Greensboro, North Carolina:

Gentlemen—I respectfully submit the following proposition for lighting the city of Greensboro and furnishing the citizens thereof with electric arc and incandescent lights, electric heat and electric power for commercial purposes and for large and small factories.

I will furnish eighty or more arc lights to the city for lighting the streets for seventy-five dollars (75.00) each per annum all night and every night schedule, settlements and payments to be made monthly. Lamps to be of not less than 1,200 nominal c. p. Lamps to be pole or swing lamps, as may be determined by you, to hang thirty feet above the street level or more, and to be located as you may designate. Contract to be for a period of eight years, with not less than eighty lights.

I will furnish current for incandescent lighting by meter at the rate of fifteen cents (15c) per thousand watts. Compared with gas at the rate of $2.00 per thousand feet and counting a 16 c. p. incandescent lamp as equivalent in light-giving power to a five feet gas burner, this is twenty-five per cent. less than gas at that rate.

I will furnish current for electric power at the following rates which are the same as those in force at Knoxville, Tenn., where a large business in electric power is done.

The rate for power is ten cents per thousand watts, as per meter, with the following discounts :

Amount used	Discount
100,000 up to 200,000 watts	1c per 1,000 watts
200,000 up to 300,000 watts	2c per 1 000 watts
300,000 up to 400,000 watts	3c per 1,000 watts
400,000 up to 500,000 watts	4c per 1,000 watts
500,000 up to 1,000,000 watts	5c per 1,000 watts
over 1,000,000 watts	6c per 1,000 watts

I will furnish commercial arc lights at the following rates:

All night commercial arc lights	$12.50 per mo
12 o'clock commercial arc lights	10.00 per mo
10 o'clock commercial arc lights	7.50 per mo

If the above proposition is accepted by your honorable body, I agree to forthwith commence the construction of a first-class, up-to-date plant for the furnishing of arc and incandescent electric lights, electric heat and electric power. Said plant to be completed and in operation by April 1, 1899.

You are to grant me the usual franchises and to contract with me to allow me to erect poles and string wires along and over the streets and alleys of Greensboro and to maintain and operate the same so long as I comply with the above provisions and furnish electric current for lighting, heat and power purposes at prices not to exceed those given above.

You are to grant me also the privilege of laying gas pipes for the purpose of furnishing gas fuel and lights to the citizens of Greensboro.

I will deposit with your honorable body or such persons as you may designate, when all the conditions herein mentioned have been complied with by you, the sum of $1,000 forfeit money, conditioned upon the immediate commencement and speedy prosecution of the work of putting in the said plant, which sum of $1,000 shall be returned to me as soon as the arc lights are turned on and are found to be satisfactory by your honorable body.

Respectfully submitted,
C. C. Howell.

Greensboro, N. C. Nov. 25, '98.
To the Honorable Mayor and Aldermen of the city of Greensboro, N.C.

Gentlemen—In case my proposition for electric lighting and furnishing electric power, bearing even date herewith, is accepted, I shall and do hereby ask your Honorable Body for a franchise to construct and operate an electric street railway, over and upon the streets of your city. If my said proposition for electric lighting and power is accepted, and my request for a franchise to construct and operate said elecric street railroad is granted, I agree that work thereon shall be commenced within one year from the acceptance of this proposition, provided it is accepted on or before the 1st day of January, 1899, and that two miles of said road shall be completed and in operation on or before January the 1st 1901. and that one and one half miles in addition thereto, shall be completed and in operation on or before January the 1st 1902. I further agree that said road shall be operated on a schedule not less frequent than twenty minutes headway, said schedule to be maintained daily from 6 o'clock a. m. to 9 o'clock p. m., and that each passenger fare shall be five cents.

All this I contract and agree provided you agree to grant and do grant the necessary rights and franchises; and will contract for me to maintain said railroad so long as the terms hereof are complied with, and will agree to furnish and will furnish at the expense of the city all necessary crushed rock, delivered along the line of said road as fast as needed, ready for use, without further hauling in sufficient quantities for macadamizing a width of eight feet and a depth of four teen inches, along the streets over which said road passes, to be used by me in macadamizing that width and depth, and will agree that said road and the owner thereof, shall not be called upon or required to keep the streets or any part thereof on either side in repair, or to mend or improve the same or to meet any assessment that may be made on abutting property owners for that purpose; and that said road and the owners thereof shall not be subject to any duty or cost for paving anywhere in said city over and beyond regularly levied taxes on all other taxable property in said city as well as on the said road and the property of the owner thereof.

I agree further that in case of the acceptance of this proposition, and of the other proposition referred to, I will execute and deliver a solvent bond in the penal sum of five thousand dollars, conditioned for faithful performance of my part of contract as set out in foregoing.

Respectfully submitted,
C. C. Howell.

The Greensboro Company.

To the Honorable, The Mayor and Board of Aldermen of the City of Greensboro, N. C.

Gentlemen—In response to your advertisement for bids for lighting the streets of your city with electricity, for a term of three or more years from Jan. 1st, 1899, based on 70 or more lights of 1200 candle power, each, and under the resolutions and action of your honorable body, taken in regard to bids heretofore filed, the Greensboro Electric Light and Power Company submits the following propositions, or bids, either of which the city may accept:

1. This Company will furnish you, on a three year contract, 70 lights for $85.00 each, per annum; and for all lights in excess of 70, at the rate of $55.00 each, per annum. to run for all and every night in the year.

2. The said Company will furnish your city 70 lights on a three year contract for $80.00 per annum; and all light in excess of 70, at $50.00 each, per annum, the same to run on a moonlight schedule.

3. This Company, on a five year contract, will furnish your city 70 lights for $75.00 each, per annum; and all in excess of that number, at $50.00 each, per annum.

4. Under a six year contract, this company will furnish you 70 lights at $74.00 each, per annum, and all in excess thereof, at $50.00 each, per anum.

5. This Company, under a seven year contract, will furnish your city 70 lights at $72.50 each, per annum; and all lights in excess thereof, at $49.00 each, per annum.

6. This Company, under an eight year contract, will furnish your city 70 lights at $70.25 each, per annum; and all lights in excess of that number $47.50 each, per annum.

7. This Company, under a nine year contract, will furnish your city 70 lights at $67.75 each, per annum, and all lights in excess thereof, at $45.25 each, per annum.

8. This Company, under a ten year contract, will furnish your city 70 lights at 65.00 each, per annum: and all lights in excess thereof, at $42.50 each, per annum.

Lights furnished under either of the last six propositions, to run every night in the year and all night.

This Company will furnish you lights to be run under a moonlight schedule as follows.

1. Under a five year contract, the first 70 at $70.00 each, per annum; and all in excess of 70, at $45.00 each, per annum.

2. Under a six year contract, the company will furnish you 70 lights at $69.00 each, per annum; and all lights in excess thereof, at $45.00 each, per annum.

3. Under a seven year contract, this company will furnish you 70 lights at $67.00 each, per annum; and all in excess of that number, at $45.00 each, per annum.

4. Under a contract for eight years this company will furnish you 70 lights at $64.00 each, per annum; and all lights in excess of that number, at $43.00 each, per annum.

5. Under a contract for nine years this company will furnish you 70 lights at $62.00 each, per annum; and all in excess thereof, at $42.00 each, per annum.

6. Under a contract for ten years, this company will furnish you 70 lights at $60.00 each, per annum; and all lights in excess of 70, at $40.00 each, per annum.

Lights furnished under any one of all the foregoing propositions, will be of 1200 candle power each.

Lights to be located within the corporate limits of the city, at such points as the city, through its proper agencies, may designate.

Payments of lights to be made quarterly.

In addition to the above, the said company hereby agrees that it will at once commence to put in and prosecute with all due diligence to completion, an incandescent system. whereby arc and incandescent lights may be furnished to all citizens desiring same, at a reasonable price.

As stated by this company, in previous propositions, it does not deem it probable that your city will enter into a contract for a long term—not not even so long as ten years—as it doubts the power of the city so to do; yet in deference to a difference of opinion on the part of some members of your honorable body, this company has submitted long term propositions.

If the contract of lighting the streets of your city is awarded to this company for as great a period as five years or more, under any one of the proposals herein made, said company will furnish to all persons wanting electric power for operating machinery, etc., within the city, such power at a reasonable price.

In submitting these propositions, some of the figures show that the company would sustain a considerable loss, at the present cost of materials, etc.; but it is the hope and reasonable expectation of the company that the cost of materials, etc., will, in the meantime, be so reduced as to enable the company to fulfill any of said propositions without loss.

The said company begs leave to submit a further and additional proposition as follows :

It will lease to the city of Greensboro, for a period of three or more years, commencing Jan. 1, 1899, its entire electric light plant system, as now existing, at and for the sum of $900.00 per annum, payable in quarterly instalments; provided, the city will, at the expiration of the lease, return to the said company its lighting plant, in as good physical condition as at present; provided further, that the said city shall not underlease or let said lighting plant or any part thereof, for the whole or any part of the term, not sell or otherwise dispose of the said lease or contract, or any part thereof; but it shall and is to operate the same on its own account, and do its street lighting, but shall do no other than street lighting; and if the city desires, it shall have the option, at the expiration of any lease it may enter into under this proposition, to purchase the said company's plant, at a price to be fixed by the mayor of the city, the president of the company, and a third person chosen by these two, in the event that the proper officers of the city and the company shall not be able to agree as to the value thereof; and provided further, that it shall be a part of the terms of any contract of purchase made under this proposition, that the city shall do no other than street lighting.

Respectfully submitted,
Greensboro Electric Light and Power Company. By. R. R. King, Pres.
Greensboro, N. C., Dec. 1, 1898.

Marriage in Winston.

Special to THE TELEGRAM.

Winston, Dec. 1—Mr. A. A. Watson and Miss Clara Robinson, two of Winston's popular young people were united in marriage here at 8 o'clock last night, the ceremony being performed at the home of the bride, in the presence of a few invited guests. Rev. Robt. E. Caldwell, pastor of the First Presbyterian church, Miss Ellen Watson, of Greensboro, brother and sister of the groom, attended the nuptials.

Robbing a Freight Car.

Mr. Bud White, night watchman on the Southern yards, last night captured John Harris, colored, who was robbing a car which was standing on the yards. Harris was making away with the goods when Mr. White caught him, and made an almost successful effort to escape. The watchman turned him over to Policeman Whittington and the latter carried the prisoner to jail. Harris had an accomplice in the robbery, but the police have been unable as yet to capture him.

News Crowded Out.

On account of printing the various propositions for street lights and street cars for this city, we are compelled to omit our telegraphic news, also our High Point news. We hardly feel called upon to apologize to our outside friends for these things, as the matter causing the omission is one of vital importance to Greensboro, and we are sure our friends will recognize it as such.

At The Presbyterian Church.

The series of meetings at the First Presbyterian church are growing with interest and the attendance is much better with the nice weather. Rev. Mr. Little is doing some excellent preaching. May success in great measure crown his efforts.

THE SIXTY-SECOND SESSION

Of the North Carolina Methodist Conference

NOW ON AT ELIZABETH CITY.

Rev. J. A. Cunninggim Referred For the Superannuated Relation—The Christian Advocate Question.

The Sixty-second annual meeting of the North Carolina conference convened yesterday in Elizabeth City, with Bishop Fitzgerald presiding. At the first roll call, one hundred and fifteen members responded. Rev. W. L. Cunninggim, secretary of the last conference, was reelected to that position, with Rev. N. H. D. Wilson as assistant, and Geo. T. Simmons statistical secretary. From a special to the News and Observer we make the following extracts from the first day's porceedings:

Rev. J. N. Cole moved that a commission of four be appointed to confer on the paper question with a similar committee from the Western N. C. conference, which was adopted. Members of that commission were each telegraphed to come to this city immediately. The report of the Trinity College board of trustees was read by president Kilgo and referred.

Dr. Yates offered resolutions strongly condemning the methods of the book agents in securing payment of the publishing house claim and demanding that the sum collected be returned to the government immediately. Rev. G. A. Oglesby moved that a special committee be appointed to consider the matter, and L. L. Smith offered an amendment to make the report the special order for Friday morning at 11 o'clock which was done.

Rev. B. D. Hall moved that a telegraphic message of fraternal greeting be sent Dr. Jesse Cunninggim, who missed today, on account of illness, the first roll call in 43 years. The message was sent and special prayer offered for Rev. Cunninggim and other aged members, by Father Betts.

Question 18 was called and N. A. Hooker, T. Page Ricaud, T. B. Reekes, M. C. Thomas. Solomon Pool, P. H. Troy and W. S. Davis, of the superannuated list, were recomended for continuance in that relation. Rev. P. L. Herman's name was also referred for this relation. The names of J. B Martin and J. C. McCall, who have died since last session, were referred to the committee on memorial. Rev. S. J. C. Crisp and C. R Taylor, having recovered health sufficiently to take work, were placed on the effective list; Rev. R. W. Towsend was continued superanuary. Rev. Jesse Cunninggim's name was referred for the superanuated relation; so was I. W. Avent's.

Notice.

All members of G. S. F. E. Co. No. 1, are urged to be present at their regular monthly meeting, Thursday, Dec. 1st at 7:30 o'clock. Business of great importance will be transacted.

THURSDAY, DEC. 1, 1898.

THE MAIN ISSUE.

The rock on which Greensboro is liable to become stranded in the lighting matter is the idea of city ownership of the electric plant. Men who in September were in favor of the resolution adopted by the board of aldermen which declared "that it is the sense of this board that it is to the best interest of the city that the lighting contract be given to a person or corporation who will, in addition to lighting the streets, put in merchantable lights, power for manufacturing, and put in and operate an electric street railway system," now seem to be in favor of city ownership of the electric light plant.

What was, in that resolution, declared to be the sense of the board at that time, is still the sense of a great many of the most progressive business men of Greensboro. We hope the city will not throw away the present opportunity to secure what the city by its representatives, has declared in favor of, on the vague, yet alluring idea of city ownership. We say vague because the city has not the money wherewith to buy the plant or to put in one of its own.

There are other questions, besides those of street lighting and merchantable lights, which we must confront, and that, too, in the near future. We must not neglect the matter of street building and a complete sewerage system. These are as much an absolute necessity as it is to have lights on the streets. When you lump all these things together—owning the electric plant, the water works, completing the sewerage, building streets, a municipal building, etc., you will find that an enormous sum of money is required and if a proposition should be submitted to the voters to issue bonds for these things who can guarantee that it will be carried?

If you take only a part of them and vote for bonds, leaving out the others, the city will suffer and be retarded in its growth. If we should be able to carry a measure to provide for all of them at once, which is hardly in the range of possibilities, we are still unprovided for in the matter of street cars, and are thus deprived of an important factor in the growth and development of the city.

We give it as our opinion, and leave it to the unerring test of time and results to say what it is worth, that the declaration of the board of aldermen to give the lighting contract to a company who will put in and operate a street railway system should be carried out. This can be done and still get the lights at a much cheaper rate than we are now paying. Then we will be fortunate if we can carry a bond issue of sufficient amount to buy the water works and make the necessary street improvements, complete the sewerage, etc.

It is argued that the rates proposed for electric power are not right and those for incandescent lights are also unsatisfactory. We submit that these are minor considerations in getting the plant for street lights and street cars established. Why? For the reason that the power must come in competition with steam and gas and that the lights must also compete with gas. They will, therefore, naturally adjust themselves. The city does not contract for these things. They are to be sold to users and consumers, and if the company putting them in holds the price too high, the people will not buy and it will not cost the city a dime.

GOVERNORS-ELECT IN CONGRESS.

Judge Sayers, of Texas, and McMillan, of Tennessee.

Special to the Telegram.

Washington, Dec. 1—At the beginning of the session of the present congress there will be two governors-elect in the house of representatives. Judge Sayers, having been chosen governor of Texas, by a large majority, and Representative McMillan, of Tennessee, having been elected governor of his state by a majority of thirty thousand or more. Both of the governors will be inaugurated about the middle of January, and so will retain their seats in the national house until about the first of the new year.

In speaking of the probable work of the coming session, Judge Sayers is of the opinion that it will be confined to the passage of the general appropriation bills, and routine matters, and that important political questions will go over until the long session.

Col. Parsons, vice-president of the Flagler system, is still in Washington. He is here, it is stated, in reference to the new line of steamships between Tampa and Havana, and has called at the departments of war and navy for the purpose of getting the officials interested in the new line, and to secure for it a portion, at least, of the transportation business. If the department decides to send the troops from Tampa, which will result in a greater saving of time than by sending them from either Norfolk or Savannah, or even from Key West, then it is likely that the camp at Tampa would be established.

By the retirement from congress of Representatives McMillan and Sayers, which will take place in January, there will be two good committee appointments coming to the democrats. The former is after Mr. Bailey, the ranking democrat on the ways and means committee, while the latter is the ranking democrat on the committee on appropriations. There will be quite a contest between ambitious democrats in the house this session for the favor of Speaker Reed.

A wedding, of interest to North Carolina, took place in this city yesterday at noon. The contracting parties are Miss Agnes Hale, daughter of Mrs. George E. Hale, of this city, and Mr. Charles Pegram Lewis, of Charlotte, N. C. After a bridal trip to North Carolina, the young couple will reside at Falls Church, Va.

Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon and is pleasant and safe to take. Sold by C. E. Holton.

GOING TO MOVE.

But Some Rare Bargains Must Move First.

Mr. S. B Norris, manager of the Carolina Shoe company, than whom there is no better judge of shoes in the state, tells us he will move to the store now occupied by the Simpson-Shields Shoe company, as soon as that firm gets into its new quarters—the handsome Weill building, which is nearing completion.

The new home of the Carolina Shoe company will be refitted and made suitable for a first-class mammoth retail shoe house. But before the move takes place, Mr. Norris says, the tremendous stock he is carrying must be reduced; therefore a great reduction sale has been inaugerated for this purpose. We call your attention to the handsome and attractive double column ad, on the third page of this paper, from which you can get a faint idea of the splendid bargains in all kinds of footwear to be had at this sale.

Pains in the chest when a person has a cold indicate a tendency toward pneumonia. A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the chest over the seat of pain will promptly relieve the pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by C. E. Holton.

In the case of Walter Rosser, a Tennessee soldier, who, while drunk at San Francisco, Cal., shot and killed Henry Hildebrant, a civilian, the jury was unable to agree.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back or weak kidneys, malaria or nervous troubles, We mean he can cure himself right away by using Electric Bitters. This medicine tones up the whole system. acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at C. E. Holton's drug store.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by C. E. Holton.

Mitchell and Sharkey.

London, Nov. 30—George W. ("Pony") Moore has deposited 200 pounds with the Sporting Life with the intention of arranging a match between his son-in-law, Charley Mitchell, and Thos. Sharkey, the American pugilist for 500 or 1,000 pounds a side and the best purse offered.

Murdered For His Money.

St. Louis, Mo., Nov. 29—A special to the Post-Dispatch from New Madrid, Mo., says:

J. L. Lions, a prominent farmer living across the Mississippi river in Kentucky, has been murdered for money by two negroes and his body thrown into the river. One of the negroes has been captured and shot to death by a mob which is now on the trail of the other murderer.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

This Lady

needs no introduction to three-fourths of the boys in this town—they have seen her picture before.

But for the benefit of those who have not been so fortunate as to be the proud possessor of a suit of her well made and well fitting clothes, we will state that a label same as this one will be found on every suit, and none are genuine without it.

Ages 3 to 16, prices $1.50 to $7.50.

Sold exclusively by

Matthews, Chisholm, Stroud & Rankin.

BRIEF LOCAL MATTERS.

Mr. Bogart asks us to state that the skating rink will be open tonight.

It is A. P. Chaffin, Sr., instead of Jr., who is in jail for highway robbery in Charlotte.

Boy wanted—Stout, bright boy to carry bundles and helw in store. Thacker & Brockmann.

J. Van Lindley, proprietor of Pomona Hill Nurseries, shipped a large lot of trees, vines, etc., to Alabama today.

Mr. Cyrus B. Hayworth and Miss Effie Penny were married last night at Townsend's boarding house by A. P. Eckle, J. P. All of Guilford county.

Ed Davis, col., was locked up by Officer Scott this morning, charged with an affray. The officer also caught a colored woman, charged with the same offense.

Chas. Dana Gibson is one of America's foremost artist, and the living pictures representing ten of his sketches, to be given by home talent Dec. 5th promises to be an artist and social event.

Melville P. Troy, who joined the hospital corps at Jacksonville about five months ago, is at home on a furlough. He will return to camp at Savannah in time to embark for Cuba on the 18th inst.

Rev. and Mrs. J. C. Rowe and two sons arrived last night. They were met at the depot by Rev. W. L. Grissom, and at the parsonage by a num- of West Market's members. Rev. Mr. Rowe will preach his first sermon next Sunday.

Jim Ingram, col., who stole a ring from Mrs. A. H. Alderman some time ago, was captured this morning by T. T. Brooks, who turned him over to Policeman Jeffries. Jim also borrowed a gun from Mr. Brooks under false pretense. He acknowledged his guilt in both cases, and was put in jail.

The old Planter's hotel, recently moved from East Market to North Elm street, opposite the jail, is now being remodelled and repaired and made ready for occupancy. Mr. Morton is superintending the work for Capt. Fisher and the building is being fixed up in modern style, having all modern conveniences. The place has not yet been rented, but there is room for belief that, when the work is finished Capt. Fisher will have little trouble in finding a tenant.

There Is Room At the Top.

In every phase of human activity, social, religious and business, it is said that there is room at the top. There may be also room at the bottom but it yields neither pleasure, profit nor honor. The man who makes only lead pencils must produce the highest quality possible for the price charged, and so all along the line of human effort from a pin to great battleships and war vessels It is not so much the magnitude of the undertaking as the quality of the finished article that commands it to the respect and esteem of the public. Producing the best and looking to the top for room always proves a success. Wise people seek for the best. For instance, you will see the names of many wise merchants in another column who sell that good Home Plate tobacco—the best chew of all.

Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund money if itfails to cure. 25c. The genuine has L. B. Q. on each tablet.

LOST—Black and white setter bitch. Reward for return to, W. Tallman, Fayetteville St.

Tomorrow Night

In Richards and Pringle's-Rusco & Holland's big minstrel festival are brought together, Kersands, Crosby, Fidler and Avery, the four highest salaried colored comedians in the world. It is the custom with all minstrel shows to have one comedian of reputation only, surrounding him with cheap, untried people, and as a result a disappointed audience. This year Richards and Pringle's carry over fifty people, traveling in their own special cars, and introducing twelve novelty acts in the olio. Hassan Ben Ali's Arabs, Kamekichi Japs, Arthur Maxwell, the trick bicyclist, Mr. and Mrs. Billy Kersands, Jas. Crosby, Harry Fidler, Dan Avery, The Great Gauze, and the Georgia Sextette are prominent numbers. The big eight song and dance, and the great novelty "going to the cake walk" are laughing caricatures.

They will appear at the Academy of Music, one night only, Friday December 2nd.

The Social Standing

of most men is much higher than the sum of their income. To such men it must be good news to learn that they do not have to pinch themselves in order that they may pay the extravagant tailor's bills. We sell perfectly fitting clothes for business, semi-dress or full dress occasions of unquestionastyle and superb qualities at prices which permit the saving of almost half tailor's bills. Our best clothes are made by the famous New York tailors, Messrs. Fecheimer, Fishel & Co., whose label on every garment is a guarantee that the clothes are equal to "custom made" in every particular. Therefore, whether it is a sack suit, a cutaway or a Prince Albert frock, a pair of trousers, a top coat or an overcoat that you need, do yourself the justice to at least see our offerings—and then go to your tailor if you like—but you won't.
